What is Microblading? How long does it take?

The eyebrow revolution continues! Microblading is the latest procedure guaranteed to give you the most natural-looking shapely brows.

Microblading is a semi-permanent makeup solution that differs from eyebrow tattoos. Microblading uses specialized blades and specialized ink that deposits pigment into the epidermis (upper layers of the skin). Through this technique, Microblading has the ability to create the appearance of hair follicles and gives the illusion that you have hair.

Microblading has become popular with beauty enthusiasts, as well as those who suffer from alopecia, non-symmetrical eyebrows, or anyone undergoing chemotherapy treatments.

The average cost for microblading is between \$500-\$800 and it is recommended that you touch up your brows again after 6-8 weeks. After that, a Microblading Color Refresher is recommended yearly (\$350).

During the three hour procedure we will:

1. Measure and shape your brows
2. Pick your brow color
3. Numb your brows
4. Microblade

***Note: We ask that you bring headphones to your appointment to listen to your finest tunes and/or audio books. Your appointment may last up to 3 hours and we want you to be as comfortable as possible. This also prevents you from conversation that may cause you to move your eyebrows during your treatment.
Thank you!**

How do I prepare for my Microblading treatment?

*You have to be off Accutane or any prescribed acne medications for 1 year. NO Exceptions!

- Do not take Aspirin, Fish Oil, Niacin, Vitamin E and/or Ibuprofen or blood thinners, unless medically necessary, 72 hours prior to your procedure. Tylenol is fine.
- Do not drink coffee, alcohol or energizing drinks on the day before and of procedure. This will minimize any oozing/bleeding or swelling after the procedure.
- If you are use to getting your brows tinted, do at least 1 week prior to the permanent makeup procedure.
- Do not tan or sun bathe 30 days before and after the procedure.
- If you get your eyebrows waxed, threaded, or tinted, please have this done at least 72 hours prior to your scheduled procedure. It is recommended to wait at least 14 days to have them waxed or threaded & 30 days for tinting after the procedure.
- Do not have any chemical peels, microdermabrasions, mesotherapy, or any other intense treatments which will cause faster skin cell rejuvenating and cause skin irritation 3-4 weeks before procedure.
- Botox should be done a minimum of 3 weeks before or after your treatment. NOT SOONER!
- Wash your hair before the procedure.

What are my after care instructions?

- Do not get your brows directly wet; water, ocean, pool, sweating or any other liquids for 10 days after the treatment. Even a small drop which seems unimportant may expand the wound / possible infections / excessive scabbing may appear, and you may ruin the results.
- No sweating (of any kind), gym, yoga, swimming for the 10 days. If you work out regularly results may heal more to a powdered look due to the oils the body produces when it gets heated and sweaty.
- Clean the area with a small amount of sterile water on a cotton pad 2-4 times a day for the first day ONLY (Oily Skin: Cleanse with saline or witch hazel 4-5 times for the first day ONLY). This will help remove any excess lymph, blood and pigment that may appear after the procedure.
- In case of dryness, but not earlier that the 3rd day, apply a very small amount of coconut or grape-seed oil. Make sure your eyebrows are not greasy, but just moistened a little so you won't see any residue of the oil.
- After 10 days you may use a gentle soap or non greasy facial cleanser to keep the eyebrows clean.
- Do not use other ointments, cream with vitamins or antibiotics on eyebrows during the healing process.

- No sunbathing or tanning for 4 weeks. No direct sun exposure.
- No Retinols, AHA's, exfoliating treatments, chemical peels, microdermabrasion, botox and any other strong treatments for 6-8 weeks after your procedure.
- Smoking WILL cause the pigment to fade prematurely and aesthetics will not last as long.
- DO NOT USE growth enhancement products such as Latisse, Revitabrow, Grande lash, one month prior and after treatment has fully healed as it may shift your color.

I should NOT get Microblading done...

- During pregnancy, trying to get pregnant, or nursing
- If any skin diseases, symptoms or irritations appears around the treated area
- If you have a pacemaker
- If you are suffering a sunburn or frostbitten (treatment allowed after symptoms disappear)
- Unusual scars, birthmarks, or moles
- If you are Diabetic
- If your scars keloid

How much does Microblading cost?

- Full Price \$550*

*Includes 1st Touch up within 6-8 weeks

- Consultation- \$50

If you are unsure about Microblading, come in for a consultation. All consultations will be done on a separate day than your Microblading treatment. During your consultation we will;

1. Measure and shape your brows
2. Pick your brow color
3. Answer any questions you may have

- Additional Touch up \$350
- Brow Correction \$650*

*May take up to 3 sessions to correct (price includes up to 3 sessions)

- Microblading plus Microshading \$700

Meet Kelly Mathiasen, Your Eyebrow & Microblading Specialist!

With over 7 years experience and thousands of clients under her belt, Kelly Mathiasen strives to be the best in the beauty industry! Although talented in numerous practices as an aesthetician, she lists Eyebrows at the very top.

Throughout her years as an aesthetician, she has grown to master the Eyebrow for both men and women. She claims, "the eyebrows are the strongest feature because they frame the face and are very expressive." Paying very close attention to detail, she waxes, brushes, trims & microblades the brows to fit the structure of each individual's face to perfection.

"You don't have to feel insecure about your eyebrows anymore! Within hours, you can have the eyebrows of your dreams!" ~Kelly

Client Testimonials

"Kelly did such an amazing job microblading my brows! I was a little nervous getting my face tattooed... let's be honest, it's a little scary! But Kelly really knows what she's doing here; my brows look so natural. I am beyond happy with the results!" ~Tiffany

"I had my eyebrows microbladed by Kelly and I'm so happy with the results !! My eyebrows look so natural and the shape is amazing. Getting them microbladed has saved me so much time getting ready. It's so nice waking up and having your eyebrows perfect. She's very knowledgeable and precise. The spa is in La Jolla and is super cute. I couldn't be happier with my eyebrows." ~Stefani

"Thank you Kelly Mathiasen and Infinity Brows for my perfect eyebrows!!!! Check this girl out if you are looking to get your eyebrows done!! So Happy! " ~Rachel

"It's really hard to find a Microblading brow artist in San Diego, until now! Most of my friends and clients have gone to LA! I just got Microblading done yesterday by Kelly. She did amazing job with my eye shape and facial bone structure for the perfect brow shape. It was a very clean job with minimal bleeding/ swelling if any at all... I actually fell asleep during the procedure, This is perfect for us blondes who's hair is so light you can't see them, and we look bald! I can roll out of bed and not do any make-up with lashes and brows on point. Perfect combo! So worth it!" ~ Courtney
